Integrating SEL and Restorative Practices

- Restorative Practices and the *Second Step* program are widely used, complementary strategies that work well together to help build a safe and supportive climate, school-wide.
- Many schools across the country implement both Restorative Practices (RP) and the *Second Step* program.
- Schools want help integrating these approaches.
- We will learn together, consult, observe, listen to inform and develop integration tools for use across the country.

Partnering to Share

1. Partnership of three organizations
2. Support positive school climate at CW Henry School
3. Create tools for national use

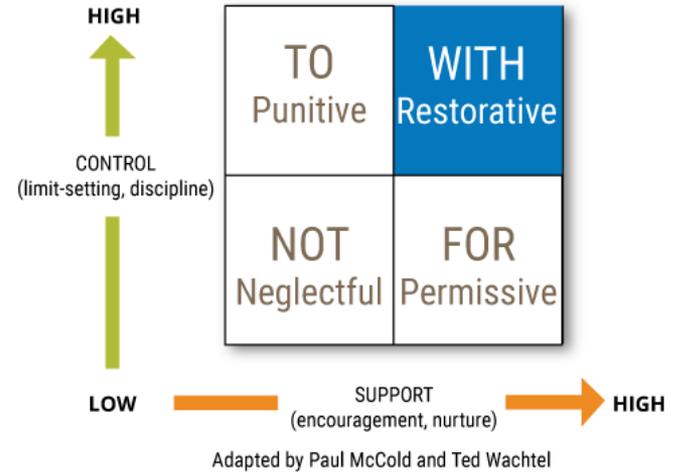

Why Alignment?

Students who are highly connected to school are:

- Much more likely to succeed academically
- Much less likely to engage in risky sexual behavior
- Much less likely to experience stress and attempt or complete suicide
- Much less likely to abuse substances
- Much less likely to engage in violent or deviant behavior
- Much more likely to experience healthy relationships
